Tour de Montrabech

This ancient castle was established in the 11th century on the banks of the Aude river. In the 15th century it was converted to a surveillance tower and used as a strategic point to transmit messages from one fortress to another.

Corbières

The Tour de Montrabech is surrounded by a terroir where olive trees and vineyards blend producing unique Mediterranean wines

Expressing the Terroir

The grape varieties that make up the vintages of Tour de Montrabech are cultivated and vinified with a minimum of use of additives to best preserve the biodiversity of our vineyards and the and the expression of their terroir.
